

Dear Keith and Steve,

What can I say about my hot tub. I love it! I believe a big reason I like it so much is the service and help I get to maintain it. You installed it as promised and the one service call I had was very prompt and informative. You always have products in stock and take the time to answer any questions I have. I always feel welcome and never rushed when I stop by the store.

I wish more businesses in the area were as efficient and friendly as yours.

Sincerely,

Nancy Dietrich
